

**Working for Oxfirst is both challenging and rewarding. We are looking for talented and enthusiastic people to join our team and help move innovation forward.**

### **Student Analysts**

Are you a D.Phil. Student or a Postgraduate Student and want to

- Differentiate yourself in highly competitive job markets
- Enrich your skill set & gain first hand consulting experience
- Get exposure to cutting edge business challenges
- Apply your problem solving skills in the real world
- Earn some money on the side

Then you should reach out to us!

We are looking for the next generation of talent. We are looking for young people who can contribute to research, analysis and novel insights on innovation. You will be given the chance to:

- Associate your name with high quality research
- Deepen your knowledge of analytical models, quantitative and qualitative research methods
- Train your ability to draw decisive conclusions from a variety of different sources for the purpose of associating emerging trends with a client's performance goals

We will evaluate your application according to your ability to:

- Contribute to original, thought provoking studies
- Ability to work independently and accurately under time constraints
- Your motivation to make a difference to the world and a positive 'can do' attitude

You do not need to be based in Oxford as we also welcome virtual team members, but we do appreciate a certain team spirit. Please send us your C.V., a cover letter and a writing sample, as well as any other material that you consider to represent you well.
